Compliance with the REACH regulation (CE 1907/2006)

Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) is a European Union regulation dated 18 December 2006. REACH addresses the production and use of chemical substances, and their potential impacts on both human health and the environment.

MarathonNorco Aerospace batteries are classified as “articles” within REACH. No release of substances from the article is intended, and hence no registration is required on import into the European Community.

MarathonNorco Aerospace, Inc is committed to managing the use of chemical substances in accordance with governmental regulations, industry standards, and customer-specific requirements in order to protect the environment.

For additional information regarding MarathonNorco Aerospace, Inc’s environmental initiatives and further explanation of this information, please contact the undersigned.

Best Regards,

Charles Vonasek
